Nurture Your Relationship
& Gain Confidence
With a
4D-Bonding Experience!

www.4dbonding.com.au

Experience a bonding session that you will treasure forever!!

4D Bonding scanning studio specialises in 3D/4D ultrasound scans of your unborn with in a luxurious serene atmosphere.

With 4D Bonding ultrasound you can see your baby yawning, sucking, smiling, stretching and performing intricate finger movements. The earliest image of your unborn baby is breathtaking!

4D ultrasound has been shown in diverse clinical trials to decrease the anxiety of pregnant women and scientifically recognised to increase bonding between parents and child.

Why should I have a 4D Ultrasound Scan?

- Scientifically recognised to increase bonding between parents and child.
- 4D ultrasound has been shown in diverse clinical trials to decrease the anxiety of pregnant women.
- Once in a life time experience
- Memory to keep forever
- Special gift to give your child on their 18th birthday

Gift Card

\$250

"Seeing my baby in 4D comforted me that all is well... Thank you!"

Is 4D Ultrasound safe?

Absolutely, 4D ultrasound utilizes sound waves to look inside the body just the same way as ordinary 2D ultrasound. It is the software component of the advanced system that creates the amazing 3D & 4D images in real time.

When should I book for my 4D-bonding session?

- Accurate gender determination from 18 weeks
- Best 3D/4D images from 25 weeks
- *Due to narrow scan period and the possibility of a FREE repeat scan, early bookings are recommended

What makes 4D-bonding the best imaging centre?

- Our equipment - We have invested in state-of-the-art equipment and we are the only 4D Ultrasound centre in Victoria with the 'ICE Vision 730 Pro' which is the best 4D ultrasound machine in the market.
- Free aerial scans for the best possible images
- Our Prices - With a range of affordable packages, we also offer easy payment options. We also understand that finding time can be difficult, therefore, we have structured our operating hours to be flexible to suit your timeline.
- No doctor referral is required
- Luxurious five star atmosphere
- Our Staff - Unlike many other 4D imaging centres, we have a fully qualified female sonographer (Honoun & Mason), who is highly experienced in using 4D technologies.

"Wow! What an amazing experience. It brought tears to my partner's eyes..."
